Profile Summary

Full Stack Web Developer with hands-on experience in developing and deploying dynamic web applications. Proficient in both front-end and back-end technologies, including React, Node.js, Express.js, and MongoDB. Demonstrated expertise in building user-friendly interfaces, real-time collaboration tools, and comprehensive habit tracking and finance management apps. Strong problem-solving abilities, self-learning aptitude, and adaptability in various development environments.

Projects

Employee Review System | [GitHub](#) | [View](#) | *Node.js, Express.js, EJS, Mongoose, Passport.js* **December 2023**

- Developed a comprehensive Employee Review System, a web application that allows employees to submit feedback on each other's performance.
- Admin view for managing employees, reviews, and assigning tasks.
- Employee view for submitting and viewing performance reviews.
- Integrated authentication system with role-based access control using Passport.js
- Implemented CRUD functionality for employee and review management.

MoneyMap-finance tracking app | [GitHub](#) | [View](#) | *React, Redux, Firebase, Ant-design* **January 2024**

- Enabled users to track expenses, set budgets, and analyze spending patterns.
- Utilized charts and tables to display financial data clearly and effectively.
- Integrated Firebase for real-time database management and user authentication.
- Designed intuitive user interfaces with Ant Design for a polished and professional look.

CodeTogether- real time code collaboration app | [GitHub](#) | [View](#) | *ReactJs, ExpressJs, Socket.io, Codemirror* **March 2024**

- Designed a user-friendly interface to facilitate seamless collaboration between multiple users.
- Built the back-end using Node.js and Express.js for robust server-side logic and API integration.
- Implemented WebSocket for real-time communication, enabling live code sharing and editing.
- Integrated authentication and authorization features to ensure secure access and user management.

Technical Skills

Languages: Java Javascript, HTML+CSS

Libraries : ReactJs

Web Dev Tools: VScode, Git, Github

Frameworks: ExpressJs

Cloud/Databases: MongoDB, Firebase, Relational Database(mysql)

Relevant Coursework: Data Structures & Algorithms, Operating Systems, Object Oriented Programming, Database Management System

Areas of Interest: Web Design and Development

Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability

Education

Motherhood University (Percentage: 84.00)

Bachelor of Science

2021 – 2024

Roorkee, Uttarakhand

Trainings

Coding Ninjas

Full Stack Web Development

June 2023 – July 2024

Certifications

- * [Data Structures and Algorithm](#)
- * [Frontend Development](#)
- * [Backend Development](#)
- * [React](#)
- * [System Design](#)
